

NISSAN CANTON

VEHICLE ASSEMBLY PLANT

The opening of the Nissan Canton Vehicle Assembly Plant in 2003 brought automotive production to Mississippi for the first time. Since then, the plant has become a force for economic development, creating thousands of well-paying jobs. For more than a decade, the Canton team has been assembling quality, award-winning cars, trucks, crossovers and SUVs. The plant has grown significantly over that time and transformed from a domestic manufacturer to a global one.

ECONOMIC IMPACT IN MISSISSIPPI

\$2.6 billion

Contributed annually in disposable income
